Filed: December 5, 2005

Confirmation No.: 5778

For: Integrated Seismic Sensor Cable

Atty. Dkt. No.: 14.0211-PCT-US
2088.001200**INTERVIEW SUMMARY**

Commissioner for Patents
PO Box 1450
Alexandria, VA 22313-1450

Sir:

Claims 1-19 have been allowed, claims 20-31 having previously been canceled. On or about November 3, 2009, the undersigned participated in a telephone interview initiated by Examiner Hughes. There were no other participants and there were no exhibits presented.

Claims 1 and 18 were discussed. In particular, Examiner Hughes was concerned whether the claim language discussed in the earlier interview correctly expressed Applicants' intent with respect to the scope of the claims. New language was agreed upon, which is properly reflected in the "Examiner's Amendment" accompanying the "Notice of Allowability" mailed December 2, 2009. There was no discussion of prior art.

The Examiner is invited to contact the undersigned attorney at (713) 934-4053 with any questions, comments or suggestions relating to the referenced patent application.

Respectfully submitted,

Date: February 2, 2010
